APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. Water herein granted is allowed for 160 acres only, that being the maximum amount described by legal subdivisions. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before July 11, 1916.

Proof of commencement of work shall be filed before August 11, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before July 11, 1918.

Application of water to beneficial use shall be made on or before January 11, 1921. Proof of the application of water to beneficial use must be filed with State Engineer on or before February 11, 1921.

Proof of labor filed AUG - 9 1916

Map filed MAY 15 1917

WITNESS MY HAND AND SEAL this 11th, day

Proof of completion of work filed AUG - 3 1918 of April, 1916.
